

Order Cancellation Policy

Official E-Commerce Store Policy Document

1. Instant Cancellation Window

Customers can self-cancel an order directly from their account dashboard within 2 hours of order placement. Full refunds for self-cancelled orders are triggered instantly back to the original payment method.

2. Orders Already Dispatched

Once an order has been marked as shipped or dispatched to the carrier warehouse (even if within 2 hours), it cannot be cancelled. The customer must wait for delivery and follow our standard 30-day Return and Refund Policy.

3. Custom and personalized Items

Custom-made, engraved, or personalized merchandise cannot be cancelled once production commences (typically 1 hour post-order), as these goods cannot be returned to general inventory.
